Notice of Adoption

Pursuant to the authority vested in the Commissioner of Buildings by section 643 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, DOB is amending section 103-07 of Subchapter C of Chapter 100 of Title 1 of the Rules of the City of New York.

This rule was first published on October 4, 2024, and a public hearing was held on November 7, 2024. DOB received and considered written and oral comments from the public. No changes have been made to the rule.

Statement of Basis and Purpose of Rule

The Department of Buildings (“DOB” or “Department”) is amending subdivision (n) of section 103-07 of subchapter C of chapter 100 of Title 1 of the Rules of the City of New York to add Energy Management Professional Certification offered by the Energy Management Association to the list of qualifications for energy auditors. DOB is also removing the provision that the Department will not accept new Energy Efficiency Report (“EER”) submissions until the building owner has paid outstanding penalties associated with failure to submit previous EERs. The removal of this provision does not remove the Department’s discretion to require satisfaction of all penalties, but allows the Department to support buildings working to achieve compliance rather than mandating the issuance of penalties. This approach allows for consistency in enforcement across DOB’s sustainability laws.

The Department’s authority for this rule is found in sections 643 and 1043(a) of the New York City Charter, and article 308 of chapter 3 of Title 28 of the New York City Administrative Code.
